

## ADDENDUM #2

### From the Quitman Church via their Clerk of Session, Harris Tennyson

On Sunday, April 27, 2025 the Quitman congregation voted to sell the portion of our lot noted in the yellow to the Church of Christ so that they can expand their sanctuary. The selling price offered was 40K which will cover repairing and re-roofing and soffit repairs so that we can either keep our current insurance or shop for new coverage. Our present insurance company was going to cancel us until we could show the repairs were completed. Our church retains the area in red, a back parking lot, and the grassy space (also in red) on the west side of the church. Only the area in yellow was included in the selling price. Since our insurance company had raised our deductible to 40K due to wind damage, the offer to buy comes at a perfect time.

We are ready to close if this is approved by our presbytery.

We are blessed that God was looking after us with the timing of this offer.
